Solve a Crime: Exciting Real-Life Math Activities for Ages 8-12+ (Real World Math) Wendy Clemson
This clever and challenging approach to math will interest and inspire budding mathematicians and encourage an active way of learning. Using real-world situations, this book displays the practical applications for the math that children learn in classrooms and demonstrates that math goes far beyond paper and pencil and into everyday life.

Inviting students to play detective and use their math knowledge to solve real-life crimes, this exciting story-problem book focuses on one case, taking the reader through a detailed investigation while exploring the math techniques used by real detectives and forensic scientists. This resource allows children to practice their math and numeracy skills while experiencing the thrill of what it's really like to solve a crime.
