Christina Laymen is a hopeless romantic, self-proclaimed TV addict, and best friend of Scott McCall and Stiles Stilinski. She loves all things supernatural, so you can imagine how thrilled she is when her best friend is bitten by a wolf in the middle of the woods, at night. Christina insists that Scott is turning into a werewolf, especially when he develops enhanced hearing & smelling, inhuman speed & strength, and the urge to maim and kill on the full moon. Enter Derek Hale, a twenty-something werewolf who has been alone and angry ever since his entire family was brutally burned to death in their house, the fire lit by his ex-girlfriend Kate Argent. Derek tells Scott that they need to work together to figure out who the alpha is that bit Scott, but teaming up with Derek Hale proves to be more complicated than they originally thought. Things get even more complicated when Christina and Derek find themselves falling head over heels for each other. Will their relationship last through all the chaos or crash and burn at every obstacle?
