## Life Application Bible: New Revised Standard Version

The Life Application Bible is a good resource bible it helps you to understand the context of the passage, gives important background and historical information, explains difficult words and phrases and helps you to see interrelationships within Scripture. over 75% of this bible is application-oriented. Understanding is not the end goal of bible study. Application focuses on the truth of Gods word, shows the reader what to do with what is read and motivates the reader to respond. This new version seeks to preserve all that is best in the English Bible as it has been known and used through the years, It is intended for use in public reading and congregational worship, as well as in private study, instruction , and meditation. We have resisted the temptation to introduce terms and phrases that merely reflect current moods and have tried to put the message of the Scriptures in simple, enduring words and expressions that are worthy to stand in the great tradition of the King James Bible and its predecessors. The New Revised Standard remains essentially a literal translation. Paraphrastic renderings have been adopted sparingly and then chiefly to compensate for a deficiency in the English language-the lack of a third person singular pronoun. It is the hope of the translators that this version will bring clarity to God's message by presenting the English language in clearer, more direct, plain, and meaningful wording. A message that is not disguised in phrases that are no longer clear, or hidden under words that have changed or lost their meaning. Helping young and old alike to understand and believe and respond to the Bibles message.
