"The satire is, in many ways, spot on ..." - Hollis Phelps, Truthout "[And you know it just has to be good when you read all the one-star put-downs we're getting from wingnuts on the political Right. We seem to have touched a nerve!]" Come along with Governor Mike Huckleberry as he seeks the Republican nomination for president and thereby also seeks to deliver America from what he sees as its current death spiral into religious, moral, economic and racial decay. In this candid first-person memoir, Huckleberry gives you an insider's view of his beleaguered campaign, such as it is - a hilarious clown-car packed with an astonishing array of fear-mongering grotesques, xenophobic paranoids, closeted bigots and rapacious, self-promoting Conservative pundits, all of them poised to commandeer America's future in the name of God and unrestrained capitalism (not necessarily in that order).
