*How would you feel if you found out life, as you know it, is all a lie?*

After the 3rd world war, Earth is drastically damaged. By the 23rd century generations have passed, the facts twisted, history revised so it is unrecognizable and below ground a utopian society is established. Or is it?

Major Cooper Sayer, an imposing intelligent member of the special security forces, and Maris Gower, a peaceful soul who works in the New American Central Library, are an officially partnered couple. Life is comfortable, full of love for each other, and yet it took them less than fifteen minutes to decide on a radical change.

With the dangers of residing below ground growing daily and the low life expectancy rate continually dropping, chances of a long and happy life together are becoming remote. The complete trust Maris has in Cooper is never questioned, even when he tells her they are going above for a chance at a longer life. A place that she has always believed meant instant death and he knows better.
