## Three full-length stories for the price of one!

Inside you'll find three taboo tales of women and the men they grew up with, college women and their professors, and ladies getting close to the men they're forbidden to love.

### *First Time at College* (6,600+ words)

19-year-old Emily is one of those **naughty college women** who would rather flirt her way to good grades than earn them. She remains **pure and untouched**, but when she gets kicked out of school for taking things too far with one of her professors, **the man she grew up with** has to step in and take charge of the situation. She's always had a secret crush on him, and when they're finally alone, she shows him just how far she's willing to go to win his love, even if it is **the first time**. It turns out he feels the same way, and that he's going to prove it **hard and without protection**.

### *Professor Can't Make Me* (7,800+ words)

When word gets out that the sexy college student, Leila, is still **pure and untouched**, all the campus jocks begin to mock and proposition her. But when the **big man on campus** (her very own handsome professor) finds out about the jocks' unwelcome advances, he puts a stop to it immediately. The grateful 19-year-old wants to show her appreciation to the **older man** for rescuing her, and she knows just how to reward him. However, the older man thinks the **inexperienced young lady** needs to learn a little **taboo lesson** when it comes to behaving properly on campus, and of course, he'll be showing her **without protection...**

### *The New Man Moves In* (5,900+ words)

19-year-old Taylor needs to get to her boyfriend's house to find out why he's texting naughty pictures of himself to another woman. The problem is that the lady she grew up with is moving a new man into the house, and wants everybody to spend time together instead of leaving. But when the new **man of the house** puts his foot down and offers to help, Taylor finds herself snuggled up to his back as they race across town on his motorcycle. When Taylor discovers that her boyfriend is indeed cheating, the passion she's withheld for so many years bursts into flame. It is **wrong** and **forbidden**, but she turns to **the one man she should leave alone** in search of the satisfaction she so desperately needs. It turns out that the new **man of the house** is happy to help Taylor with her romantic problems, even if it means breaking all the rules, **hard and without protection**.

*All characters are over the age of 18, none are related by blood, and all consent to participate in these activities of their own freewill.*
