## Thomas Aquinas's Summa Contra Gentiles: A Guide and Commentary Brian Davies

The *Summa Contra Gentiles*, one of Aquinas's best known works after the *Summa Theologiae*, is a philosophical and theological synthesis that examines what can be known of God both by reason and by divine revelation. A detailed expository account of and commentary on this famous work, Davies's book aims to help readers think about the value of the *Summa Contra Gentiles* (SCG) for themselves, relating the contents and teachings found in the SCG to those of other works and other thinkers both theological and philosophical. Following a scholarly account of Aquinas's life and his likely intentions in writing the SCG, the volume works systematically through all four books of the text.
