Descendant (Starling Trilogy) Lesley Livingston

In Mason Starling's hands is the power to bring about the end of the world. Mason . . . The Fenry's Wolf stared up into the night as smoke and flaming debris drifted down around him, burning embers falling through the dark sky above the shattered remains of the bridge that had been called Hell Gate. That night, the bridge had lived up to its name, in more ways than one. Gone. She's gone . . . In this pulse-pounding sequel to Starling, Mason Starling is alone after having crossed over into the realm of the Norse gods, and her only way out—the Bridge of Asgard—has been destroyed. Already traumatized after seeing Fenry's shot, Mason is further shocked to find herself in a place that she thought existed only in myth—Hel. So when she is greeted by a mysterious woman who introduces herself as the queen of Hel and Mason's long-dead mother, things quickly go from bad to strange. Mason needs to return to her old life in Manhattan—and more importantly, she needs to find Fenn. In her quest to leave Hel, Mason learns she must find the Spear of Odin, a powerful magical object and the only thing that can get her back home. What Mason doesn't know is that if she takes up the Spear, she could set forth a series of events culminating in the end of the world . . .
