This is the best single-source guide to leadership development in the public sector. It offers a wealth of advice for teachers, students, trainers, human resource officers, and established leaders. The all-original chapters include discussions of leadership frameworks, competencies for public leaders for the "new governance," and strategies for senior leaders in government. The book's wide-ranging coverage includes in-depth discussions of specific approaches to learning methods such as action learning and social artistry, as well as presentations of leader development models such as transformational stewardship and global leadership.
