## **She's lost her husband in tragic circumstances**

Amanda Simms was happily married for three years until her husband was shot in a random act of violence while on a business trip. The police suspected it was a mugging gone wrong, but never found the killer. She's been living like a ghost, floating through life ever since. Trying to find meaning in what's happened.

## **He's a stranger riding into town with a bad reputation**

Alex rides with The Unknowns, a motorcycle gang without a base that roams the country's roads, always moving from place to place. Alex has a dark past that no one knows about, not even his closest friends in the gang. That's what being a part of The Unknowns is about: no one asks about your past and everyone gets along.

## **She finds love in an unexpected way**

Alex isn't expecting to stick around even though the beautiful girl in the bar intrigues him. He can't seem to tear himself away from this average town after meeting Amanda that night. Amanda has decided to give up on life and end it all. What follows will send both Alex and Amanda into a past that one wanted to forget, and one desperately wanted to change.

### **EXCERPT**

"Alex, would you kiss me?"

Everything about it felt wrong to him. Surely this was taking advantage of her, wasn't it? "I don't know," he said. "I don't want to take advantage and—"

"No advantage. I haven't kissed a man in two years. I haven't even felt an embrace like this one in that time. I want you to kiss me. But I won't beg."

Her hands were still at his back and her body was pressed awkwardly against him as he knelt by her. Her breath was hot on his neck and later, when he looked back on it, he'd think her breath was what had pushed him to his decision.
