The PowerScore LSAT Logical Reasoning Bible Flashcards are meant to accompany the *PowerScore LSAT Logical Reasoning Bible* and provide test takers with an ordered and easily referenced means of reviewing the information contained in this groundbreaking book. Why is it important to have a solid grasp of Logical Reasoning concepts? Because the two Logical Reasoning sections of the LSAT comprise half of the scored portion of the exam, and Logical Reasoning concepts are also tested in the Logic Games and Reading Comprehension sections of the test.

This set of 300 cards will allow you to review and memorize Logical Reasoning terminology, help you to develop the ability to assess various types of argumentation, and aid you in recognizing and responding to each distinct question type.

Each flashcard is 5.2 x 3.25 and contains a question on the front and a detailed answer on the back. Some of the cards are quite simple and will test fundamental concepts or basic definitions, while others provide the opportunity for diagramming statements and relationships. Each card is numbered sequentially from the most basic concepts to more advanced ideas discussed in the *LSAT Logical Reasoning Bible*. The cards are also numbered so that specific concepts are grouped together (basic logical reasoning, conditional reasoning, causal reasoning, various question types) to further assist you. Review the cards in numerical order until you feel comfortable with the information covered; later mix the cards up so that you encounter the concepts in a more random fashion.

Although the cards review and reinforce the concepts described in the *LSAT Logical Reasoning Bible*, they are also an excellent supplement to the PowerScore LSAT courses and several other LSAT publications. Use this portable and concise preparation aid to study at the office, at home, or anywhere you go!
