Oceanography and Marine Biology: An Annual Review, Volume 25: 025 HAROLD BARNES

Interest in oceanography and marine biology and the relevance of those fields to global environmental issues creates a demand for authoritative reviews that summarize recent research. *Oceanography and Marine Biology: an Annual Review* is a yearly consideration of basic areas of marine research, returning to certain topics in future volumes and adding new topics as they arise. The series is essential for researchers and students in all fields of marine science, so it finds a place in the libraries of marine stations and institutes as well as universities. This edition adds commentary on bioturbation, seagrass beds and other topics.
