Physics for AQA: Co-ordinated Award (Coordinated/separate science for AQA)

Patrick Fullick

Physics for AQA: Co-ordinated Award (Coordinated/separate science for AQA) Patrick Fullick

This resource has separate books for biology, chemistry and physics. Each book is accompanied by a teacher's resource pack on customizable CD-ROM or as a printed pack. The series is designed to work in conjunction with the "Separate Science for AQA" series, so that coordinated and separate science can be taught alongside each other. The student books cover the AQA coordinated specification. They offer: integrated coverage of the "ideas and evidence" requirements in Sc1. Higher tier material is indicated, so foundation tier students can concentrate on the information they really need to know. Key learning point summaries help students to control their own learning and there are key words and a glossary. The CD-ROMs in the teacher's resource packs are fully customizable to adapt resources to meet the needs of individual students. Resources from the CD-ROMs can also be printed onto acetate and used for whole-class teaching.
