## **Almost There** Nuala O'Faolain

Nuala O'Faolain burst upon the literary scene in 1998 with *Are You Somebody?*, a fiercely candid account of her youth and adulthood that became a surprise bestseller around the world. *Almost There* begins at that moment when O'Faolain's life began to change, and it tells the story of a life in subtle, radical, and, above all, unforeseen renewal. It is on one level a tale of good fortune chasing out bad-of an accidental harvest of happiness. But it is also a provocative examination of one woman's experience of "the crucible of middle age"-a time of life that faces in two directions, forging the shape of the years to come, and clarifying and solidifying relationships to friends and lovers (past and present), family and self. *Almost There* is a crystalline reflection of a singular character, utterly engaged in life.
