Sally Wright

Behind the Bonehouse (Jo Grant series) (Volume 2) Sally Wright

It wasn't until thirty years after the attacks, and the lies, and the intricately orchestrated death, that Jo Grant Munro could bring herself to describe it all in Behind The Bonehouse. Her work as an architect, and the broodmare farm she ran with her uncle, and her husband Alan's entire future - all hung by a thread in 1964 in the complex Thoroughbred culture of bluegrass Kentucky, where rumor and gossip and the nightly news can destroy a person overnight, just like anywhere else. It was hatred in a self-obsessed soul, fermenting in an equine lab, boiling over and burning what it touched, that drove Jo and Alan to the edge of desperation while they fought through what they faced.
