What Others are saying about this book

Roses are my favorite flowers of all time. I think they are beautiful and smell divine, so I decided to pick up this book in order to grow my own, so I can have fresh roses in the house all the time! I found this book to be really informative and to the point, which is great to me. It told me exactly what I need and how to get started, including what tools to use, how to irrigate, fertilize, plant, prune, and much more. This book is great for newbies or even for seasoned gardeners. My knockout garden is on its way and yours can be too! I can't wait.

I recently moved into a new place out from an apartment and my wife was really excited to get started on actually having a garden, and a lawn, and a driveway...so I got this to help my wife with the garden as she is by no means a green thumb but from what I have seen the book seems to be helping! Not only is she actively building a rose garden shes learnt how to keep out pests and weeds and such from ruining our garden. Highly recommend!

Having a beautiful home garden is one of the top home enhancing investment you can do and this book provides great information on how to grow lovely, colourful roses in your home garden. The book goes into detail on the different types of roses and which ones are best to use, choosing the right area to plant and the soil PH to use and then how to maintain the rose garden at tip top condition, among a whole bunch of advice!

I chose to give this book a 5 star rating because the author did a great job of giving the reader a lot of valuable information and it is organised in such a way that makes it easy for the reader to read!
