The Upside-Down Fish

Kate Louise

The Upside-Down Fish Kate Louise

Upside-Down Fish lives in a big tank at a pet store filled with lots of other fish. The other fish in the tank swim the right way up though, and they don't understand why Upside-Down Fish is so different. This makes him very lonely. One day, a child comes into the store and chooses Upside-Down Fish as a pet. He is anxious that he won't be accepted in his new tank, but much to his surprise, the new fish are friendly! They love that he is different and want to know what it's like to have the sky below and the ground above. Upside-Down Fish realizes that it's okay to be different—it's what makes him so special.

Kate Louise and Laura Matine's *The Upside-Down Fish* is about being yourself and finding happiness with people who accept you for who you are. Inspired by the author's own upside-down fish, this is a book for any child who feels a little different and needs that extra boost of confidence.

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

From reader reviews:

Frank Botelho:

In other case, little people like to read book The Upside-Down Fish. You can choose the best book if you love reading a book. As long as we know about how is important some sort of book The Upside-Down Fish. You can add expertise and of course you can around the world with a book. Absolutely right, due to the fact from book you can realize everything! From your country until eventually foreign or abroad you will end up known. About simple issue until wonderful thing you can know that. In this era, we could open a book or searching by internet unit. It is called e-book. You may use it when you feel uninterested to go to the library. Let's go through.

Susan Peterson:

As people who live in often the modest era should be change about what going on or information even knowledge to make these people keep up with the era which can be always change and make progress. Some of you maybe will certainly update themselves by examining books. It is a good choice for yourself but the problems coming to a person is you don't know what kind you should start with. This The Upside-Down Fish is our recommendation to cause you to keep up with the world. Why, because book serves what you want and want in this era.

Amy Christensen:

Reading can called thoughts hangout, why? Because when you are reading a book especially book entitled The Upside-Down Fish your brain will drift away trough every dimension, wandering in each and every aspect that maybe unknown for but surely will end up your mind friends. Imaging every single word written in a guide then become one contact form conclusion and explanation which maybe you never get previous to. The The Upside-Down Fish giving you a different experience more than blown away the mind but also giving you useful facts for your better life within this era. So now let us explain to you the relaxing pattern here is your body and mind are going to be pleased when you are finished examining it, like winning an activity. Do you want to try this extraordinary shelling out spare time activity?

Bruce Harrison:

In this period of time globalization it is important to someone to find information. The information will make you to definitely understand the condition of the world. The health of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, magazine, book, and soon. You can see that now, a lot of publisher that print many kinds of book. The book that recommended to you is The Upside-Down Fish this reserve consist a lot of the information on the condition of this world now. This kind of book was represented so why is the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. Typically the writer made some research when he makes this book. Honestly, that is why this book suited all of you.
