Of Faith and Freedom: How Americans of faith can heal an ailing nation Joe Gilbert

Cultural Marxism has been a powerful force in American culture for almost a century, shaping institutions such as school, family, and government. In the 1920s and during World War II, socialist ideas that originated at the Frankfurt School, also known as the Institute for Social Research, began to seep into the social fabric of the US. As the cultural Marxist movement gained power, the reach of the federal government expanded, and the basic value of each individual citizen was diminished. The role of the Judeo-Christian belief system, which emphasizes absolute truth and the dignity of the individual, has been ignored—with disastrous consequences. Using the Ten Commandments and the Bill of Rights, author Joe Gilbert lays out the relationship God intended family, government, and individuals to have with each other and guides readers to a renewed hope and vision of American ideals shaped by objective biblical truth. Fans of Glenn Beck and Mark Levin will find *Of Faith and Freedom* a useful companion in the fight against the malevolent social forces that have so negatively influenced America.
