Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics)

Harry Wechsler

Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics) Harry Wechsler

This book seeks to comprehensively address the face recognition problem while gaining new insights from complementary fields of endeavor. These include neurosciences, statistics, signal and image processing, computer vision, machine learning and data mining. The book examines the evolution of research surrounding the field to date, explores new directions, and offers specific guidance on the most promising venues for future research and development. The book's focused approach and its clarity of presentation make this an excellent reference work.

From reader reviews:

Michael Cooke:

Playing with family in a park, coming to see the ocean world or hanging out with buddies is thing that usually you have done when you have spare time, in that case why you don't try matter that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics), you can enjoy both. It is excellent combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout people. What? Still don't buy it, oh come on its referred to as reading friends.

Frank Lach:

Are you kind of stressful person, only have 10 or perhaps 15 minute in your morning to upgrading your mind ability or thinking skill even analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your small amount of time to read it because all this time you only find book that need more time to be examine. Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics) can be your answer mainly because it can be read by you who have those short extra time problems.

Seth Sutherland:

Is it an individual who having spare time in that case spend it whole day through watching television programs or just laying on the bed? Do you need something new? This Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics) can be the answer, oh how comes? A fresh book you know. You are thus out of date, spending your free time by reading in this brand new era is common not a nerd activity. So what these publications have than the others?

Ivan Dinkel:

With this era which is the greater man or who has ability to do something more are more treasured than other. Do you want to become one among it? It is just simple method to have that. What you have to do is just spending your time not much but quite enough to enjoy a look at some books. On the list of books in the top collection in your reading list is definitely Reliable Face Recognition Methods: System Design, Implementation and Evaluation (International Series on Biometrics). This book which is qualified as The Hungry Hills can get you closer in getting precious person. By looking way up and review this publication you can get many advantages.
