## **Perfect Liars** Kimberly Reid

Andrea Faraday is junior class valedictorian at the exclusive Woodruff School, where she was voted Most Likely to Do Everything Right. But looks can be deceiving. When her parents disappear, her life and her Perfect Girl charade begins to crumble, and her scheme to put things right just takes the situation from bad to so much worse. Pretty soon she's struck up the world's least likely friendship with the juvenile delinquents at Justice Academy, the last exit on the road to jail and the first stop on the way out.

If she were telling it straight, friendship might not be the right word to describe their alliance, since Drea and her new associates could not be more different. She's rich and privileged; they're broke and, well, criminal. But Drea's got a secret: she has more in common with the juvie kids than they'd ever suspect. When it turns out they share a common enemy, Drea suggests they join forces to set things right. Sometimes, to save the day, a good girl's gotta be bad."
