Case Studies in Family Violence

Case Studies in Family Violence

Since the publication of the first edition in 1991, there has been substantial progress in our understanding of the etiology and associated features of domestic violence. As in the first edition, this book elucidates and highlights the complex multidisciplinary issues facing clinicians who work with family violence cases. Each chapter combines two illustrative cases with a broader discussion of the issues that are encountered by clinicians working with families that engage in abuse or neglect.
