GEM-Nam Vet: A Soldier's Account Of The Vietnam War Gary E Morgan

"GEM-Nam Vet: A Soldier's Account Of The Vietnam War" is a must read non-fiction book by author Gary E. Morgan. Everyone will appreciate the travels and travails, the highs and the lows, the humor, satire, and seriousness in this story. It is a story of hope, love, marriage, and family during his Vietnam War duty from 1966 to 1968. It is a story of the return to private life, and of private thoughts made public. It is a story about faith in God, and how the author was saved from peril. "GEM-Nam Vet: A Soldier's Account Of The Vietnam War" is more than a biography of a few years in the life of author Gary Morgan. It is more than a war story, it is more than a love story. It is both, and it is both vivid and honest. In this account you will meet soldiers and their wives that Gary and his wife Peggy met. Those married couples were "drafted" into the Army during the height of America's involvement in Vietnam's war. You will read and then understand the hardships many of these couples survived. Your thoughts on the wars that America fights will be expanded in ways you could never have imagined. You will understand, finally and explicitly, the reasons and the political and military positions that made America involved in Vietnam's war. What's more, you might be better equipped then to prevent your children and your nation from pursuing similar military ventures.
