"Stephen Curry is one of the most well-known basketball players in the NBA today. It's often said that he's one of the best shooters that the league has ever seen. However, when Stephen was in high school, almost nobody believed that he would play in college, let alone in the NBA, despite having an outstanding record when he graduated high school. Stephen was small in eyes of many college basketball coaches, being only six feet tall and weighing in at one hundred and sixty pounds. It didn't matter to the coaches that he was Dell Curry's son and that his high school record was excellent. He was too small in most of their eyes."
