From Amazon Reviews: This book is an excellent mix of both practical halacha and the sources and development of that halacha. Having built an Eruv for my community starting with this book, I can tell you that I was NEVER surprised at the rulings of the supervising rabbi on questionable parts, nor was I ever unprepared for any question on why & how I handled problems. The best English book on erubin. This is, without a doubt, the best single halakhic book written about erubin in English. Rabbi Bechofer goes through all of the halachot relevant to a modern eruv in a modern area. He walks the reader through the sources and development of the laws, and the book includes a lot of pictures and diagrams. If you want to understand the rather complex issues surrounding erubin, this is the book for you.
