This is a set of jigsaw puzzle realized a perfect combination between jigsaw puzzle and fairy tale. There are 8 scenes in each fairy tale in each volume, and each scene is composed of several blocks which ensure children to play by themselves when appreciating them. They can read the fairy tale after these blocks are uncovered. This process will simulate and cultivate childrens aesthetic taste on the one hand, and in the meanwhile, will improve their oversight, attention memory, manipulative ability, combination ability, hand-eye coordination by through strong combining and arrangement practices. In addition, children could have a deep understanding to the content and connotation in each fairy tale when having a reading, and then develop an excellent reading ability, comprehensive ability and language competence as well.
