Hypnotist's Secretary: A Mind Control Story of Female Sex Slavery Jessica Young

Lucky Jessica lands a great new job as a hypnotist's secretary... but the dress code is different than any job she's ever had before. Short skirts. Push-up bras. High heels. No panties. Since the interview, she's been so focused on getting ready to work for the Doctor that she's been neglecting her boyfriend, feeling less and less interested in sex with him and more and more into just touching herself while she thinks of her new boss, the Doctor.

Jessica feels almost like she's going to be something more than just a secretary to him. And that feels okay. It feels great, actually, because Jessica's new boss is so hot and built and smart and wise and kind and successful and clever that she wants to please him... in any way necessary.

Lucky for Jessica, her new boss wants to give her the opportunity to do just that. He's going to let her help him "prepare" his new female clients for "treatment" to help with their "problems." But first, when Jessica shows up for her first day with her tits falling out of her tight blouse and her hot little skirt riding up, her new boss decides maybe even her slutty office uniform isn't revealing enough. Maybe she should be wearing even less...and Jessica's surprised to find she can't help but agree!
