The Face Book Dr. William Luffman

For years, I avoided the craze of all of the various social networks. My schedule was already jam packed, I didn't need another outlet to take up even more of my time. However, after much prodding, I gave in and decided to join Facebook. At first, I was clueless as to how to use it correctly, but I eventually learned. Without initially intending to do so, I found myself posting daily inspirational quotes and stories. People began to tell they looked forward to seeing what I had posted each day. It was then I realized I had started something.

This book contains daily bites of encouragement, and hopefully, wisdom that are meant to merely be the catalyst that sparks the reader to a better day. I have included personal experiences and observations, things I have learned from other who have inspired me and, of course, insights from my faith.

My prayer is that these "status" reports will help the reader along the way and inspire them to have the best possible day they can have!
